GÖTEBURG SWEDEN

BBM™

MerxTeam is one of Scandinavia's leading suppliers of restaurant, kitchen and promotional products!

Porcelain - Phoenix

The Phoenix range is characterised by its simple but timeless stripes in relief.

- ✓ Made of alumina ceramic.*
- ✓ Lead-free glaze.
- ✓ Fired at a high temperature for higher impact resistance and improved durability.
- ✓ Liquid-resistant and non-corrosive.
- ✓ Decorated with stripes in relief.
- ✓ Goes well with plates from Atlanta.

* Alumina ceramic is manufactured in the same way as feldspar porcelain but contains alumina, so it's stronger and more durable.

Giftset

Essential kitchen utensils of high quality - all in elegant packaging.

It's always more satisfying giving someone a gift you know they'll use. We've developed a high-quality gift set that contains all of the essential tools that make cooking more fun and easier.

MerxTeam has been supplying kitchen utensils to the restaurant industry for over 35 years, and with that experience, we can promise that these gift sets will be just right.

Gourmé barbecue cutlery set 12 pcs

Classic bistro cutlery.

Gourmé is a set of classic bistro cutlery that sits well in the hand and meets the quality requirements of restaurants, but is also great as everyday cutlery at home.

The forged cutlery with black, triple riveted handles in bakelite has high durability and sturdiness. The polished stainless steel retains its sharpness and gloss over time.

This cutlery set consists of 6 knives and 6 forks.
Length: Knife 215 mm, fork 205 mm
Material: Stainless steel 18/0, bakelite

Palermo curve steak knife set

exxent
Professional cooking

Sharp barbecue knives specially developed for restaurants.

Palermo Curve is a designer barbecue knife set that feels light in the hand and meets the quality requirements of restaurants. The blades in 18/0 stainless steel have a long service life and retain their sharpness over time. The handles are made of POM, a plastic that's strong, durable, and long-lasting.

Length: 225 mm

Material: Blade in 18/0 stainless steel, handle in POM

Art.nr 13358

Palermo XL steak knife set

exxent
Professional cooking

Sharp barbecue knives specially developed for restaurants.

Palermo barbecue knives are designed for daily use and are therefore extra resistant to wear. The serrated blades in 18/0 stainless steel have a long service life and retain their sharpness over time. The handles, made of strong POM, sit well in the hand. POM is a plastic that's exceptionally strong, durable, and long-lasting.

Length: 250 mm

Material: Blade in 18/0 stainless steel, handle in POM

Hamburger Smash

exxent
Professional cooking

Perfectly juicy burgers - every time!

With Exxent Hamburger Smash, you always get the perfect
burger. Shape the minced meat and press down firmly on a
hot pan. The burger gets cooked both inside and out, making
for an incredibly juicy and crispy experience.

15 cm hamburger smasher, with a smooth underside
completely in cast iron for maximum durability.

Art.nr. 65023

For efficient, long-lasting collaboration.

Smart product information

To make the process between you as a reseller and us as a supplier as frictionless as possible, we now use the InRiver PIM product information system. With the help of this system, we can easily create and continuously update our product feed, which includes all relevant material associated with our range of products (images, text, technical data, etc.), and can in turn be integrated into your product information system (e-commerce platform, PIM, business systems, etc.). Thanks to this digital automation, we save both you and our staff valuable working hours in the form of boring busy-work, as well as greatly reduce your launch time to market.

We also work with the Validoo product information system, which brings the same functionality to the grocery trade.

Certifications

ISO 9001 - This quality certification means that our company meets requirements for preventing complaints and internal shortcomings. That it focuses on continuous improvement and customer satisfaction.

ISO 14001 - A standard that requires organisations to identify and constantly improve their environmental impact.

Collaboration

MerxTeam believes in long-term collaboration to develop business that's profitable for all parties.

Good collaboration requires clear and open communication. We offer, among other things, a high level of product knowledge, marketing material adapted for different channels, and events and training, as well as end customer processing.

We work closely with many renowned chefs and restaurants to increase our product awareness.

Sustainability

Ecological sustainability - We work to protect and help care for the external and internal environment. MerxTeam is connected to FTI, the waste collection system for businesses that recycles packaging for a more sustainable future.

Social sustainability - Caring, respect and openness must characterise and form the basis of our work in human resources. In order to be sure that our suppliers around the world take good care of their employees, since 2018, we've been members of the Amfori Business Social Compliance Initiative. This means that we adhere to a code of conduct that includes rules against corruption, child labour and work environment related issues, among other things. Through membership, we can proactively improve working conditions in the factories we collaborate with.

Financial sustainability - We're a well-established organisation that's been around for a long time, and that gives us a safe foundation to stand on.

Support

If you have questions or concerns, our sales support staff are always at hand, either by phone or email.

Also, at merxteam.com, you can quickly and easily:

- Place orders.
- See prices and current stock status.
- Monitor and track deliveries.
- Search for invoices.

Logistics

Because agility, quality and timeliness are important to us when we ship our goods, we offer flexible logistics solutions that are adapted to our customers' needs.

We strive to offer our customers the very best availability and the very fastest deliveries.
